Exposed: *the Contemporary Nude Exhibition*

24th May - 23rd June 2014

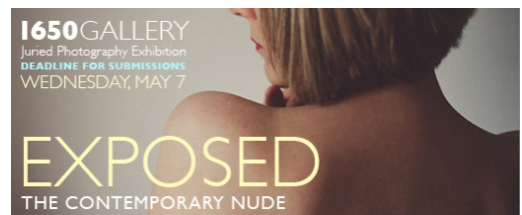

**1650 Gallery, 1650 Echo Park Avenue,
Los Angeles, CA 90026. USA**

"Art never tires of the nude. Photographic fads and styles come and go, but the nude, as a form of artistic expression, always remains fresh" – 1650 Gallery.

Erotic photographer Steve DT is delighted to have been chosen by a Juried Selection for Exposed. For the main exhibition, Steve's image of 'Galina' (*see above*) was selected. Also the photo of 'Anya' will be part of the online annex. Both photos are part of Steve DT's ongoing series 'The Nude Laid Bare', where 'One can view the nude with neither symbolism nor strip lighting'.

For this exhibition: 60 works were chosen for hanging and a further 35 for the online annex, from a large international entry.

Preview night will be 24th May, and will run for one month. After the exhibition, there will be a charity auction of some of the exhibited works.
